Preamble

This Memorandum of Understanding (MOU) is entered into by and between the Baltimore City Community College (hereinafter referred to as “Employer” or “College” and the American Federation of State, County and Municipal Employees, AFL-CIO, Local 1870 (hereinafter referred to as the “Union” or AFSCME), and has for its purpose the promotion of harmonious relations between the employees in the bargaining unit, the College and the establishment of an equitable procedure for the amicable resolution of differences concerning wages, hours and other terms and conditions of employment.

Both the union and the College are committed to providing quality, affordable and accessible educational opportunities with comprehensive programs that meet the professional and personal goals of students while improving communities in the greater Baltimore area. The parties to this agreement shall make a sincere effort to ensure that the administration of this MOU is conducted in a fair and consistent manner and the administration is for the benefit of establishing stability and understanding in the parties’ labor-management relationship. Therefore, pursuant to and consistent with the Collective Bargaining Law, Maryland State Personnel and Pensions Article Annotated, Section 3-501(d)(iii), 3-601(a)(2)(iii) the parties agree, based upon the various articles hereinafter set forth, that this MOU constitutes a Collective Bargaining Agreement between BCCC and AFSCME.

Article 1. Recognition and Definition of the Bargaining Unit

Section 1 AFSCME is the Exclusive Bargaining Representative

AFSCME is the sole and exclusive bargaining representative for all bargaining unit employees for purposes of collective bargaining with the College over matters establishing and pertaining to wages, hours and other terms and conditions of employment for all permanent and probationary full-time and regular part-time employees. In recognition of AFSCME’s status as the exclusive bargaining representative of bargaining unit employees, the College shall not bargain with any other organization concerning bargaining unit employees’ wages, hours, terms and conditions of employment.

Section 2. Bargaining Unit Definition

The bargaining unit shall be comprised of all job classifications identified in Appendix I to this MOU.

All job classifications and positions considered within this bargaining unit on the date of the Union’s certification, as outlined in SHELRB certification shall be considered bargaining unit positions. All employees occupying such positions on a full-time or part-time basis, who are under probationary or regular status, and who are not classified as managerial, supervisory, and/or confidential, are considered to be in the bargaining unit and shall enjoy the benefits, rights, obligations and protections stipulated in this agreement in addition to any other rights provided by law.

A new job classification that is a successor title and with no substantial change in duties compared to a classification currently included in the bargaining unit shall be within the bargaining unit. A new classification assigned duties that are a significant part of the work done by any classification currently in the bargaining unit shall be within the

bargaining unit. The College shall inform AFSCME of any intention to place a new job classification in a bargaining unit.

During the term of this MOU, if a new job classification(s) is created or the status of a classification within one of the bargaining units has changed, the College shall notify the Union at least sixty (60) days prior to the intended date of entry. If it is believed that the bargaining unit status of a position has changed, the College or the Union, whichever is proposing the change, shall notify the other as soon as possible. The parties will meet and attempt to resolve any disagreements concerning the relation of the position or classification to the bargaining unit. Any unresolved dispute between the parties regarding whether or not a position or positions should be included in the bargaining unit covered by this MOU may be submitted to the SHELRB by either party pursuant to its regulations. The decision of SHELRB shall be final and binding on both parties, as subject to any appeal rights provided by law or regulation.

Article 2. The Right of Employees to Non-Discrimination, Fairness and Respect

The College recognizes the rights and protections afforded its employees under Federal, State and local law. It is the policy of Baltimore City Community College that employees will be treated with dignity, respect and fairness in employment including, but not limited to, physical appearance. It is the policy of the College to prohibit discrimination, including harassment in employment against any employee due to race, age, ancestry, color, religious affiliation, belief or opinion, genetic information, creed, sex, sexual orientation, gender identity, political affiliation, national origin, ethnic background, marital status, family status, disability, labor organization affiliation, membership or non-membership in the Union or any other category protected by law.

Similarly it is the policy of the Union that it shall not discriminate against any employee or cause or attempt to cause the College to discriminate against any employee due to race, age, ancestry, color, religious affiliation, belief or opinion, genetic information, creed, sex, sexual orientation, gender identity, political affiliation, national origin, ethnic background, marital status, family status, disability, labor organization affiliation, membership or non-membership in the Union or any other category protected by law.

Article 3. Duration and Renewal

Section 1. Duration

This MOU shall become effective upon ratification by the respective parties. No provision of this MOU has retroactive application unless required by law or it has been agreed to expressly in this MOU. This MOU expires at 12:01 AM on June 15, 2019. The parties shall ensure that their respective ratification processes are completed as promptly as possible after the conclusion of negotiations.

Section 2. Renewal

Except as otherwise provided herein, this Memorandum of Understanding shall become effective upon signing and remain in effect until the date established in Section 1 above. This MOU shall be automatically renewed from year to year thereafter unless either party provides written notification to the other by December 1 of the calendar year prior to expiration of its intent to terminate, modify or amend this MOU. After notification is provided, the parties shall then commence negotiations for a successor MOU during the last year of this MOU at dates and times agreed to by the parties.

Section 3. Reopener

In the event that there is a change in law affecting the legally permissible scope of bargaining, either party may reopen this MOU to request bargaining over the newly negotiable matters. In the event that the subject matter being proposed does not give rise to a duty to bargain, the party which has not requested bargaining may notify the party requesting bargaining that it does not wish to bargain over the newly negotiable matters.

Article 4. Mid-Contract Negotiations

Section 1.

The College and the Union acknowledge their mutual obligation to negotiate over the College's proposed changes in wages, hours and other terms and conditions of employment for bargaining unit employees. If the parties have not addressed a matter related to wages, hours or other terms and conditions of employment in this MOU, then any change in the current practice or any policy related to that term or condition shall be negotiated before it is implemented pursuant to Section 2 below.

Section 2.

The College shall provide the Union with notice of a change in practice or a new policy, as far in advance as is practical but no later than thirty (30) days of an intended change in wages, hours or other terms and conditions of employment, for bargaining unit employees. The Union may request bargaining within this thirty (30) day period and, upon request, the College shall negotiate with the Union. The Union may submit responsive proposals concerning the College's intended changes to change working conditions prior to a bargaining conference. Nothing in this Section requires the College to change its planned implementation date.

If an intended change is required to meet a legislative mandate or an emergency situation, the College shall notify the Union as soon as possible. In situations involving legislative or executive mandates, the College may implement a change even if negotiations do not yield mutual agreement.

Article 5. Scope of Agreement- The Relationship of the MOU to BCCC Policies

The parties agree that the terms of this MOU shall apply to the wages, hours and other terms and conditions of employment of exempt bargaining unit employees and shall supersede and replace all College policies and procedures which pertain to matters covered by this MOU.

Article 6. Employee Rights

In accordance with Senate Bill 78, unless required by State law or negotiated by collective bargaining, the Baltimore City Community College may not decrease the rights, benefits, compensation, or privileges of an employee of the College who was transferred from the skilled service of the State Personnel Management System to an independent personnel system on July 1, 2005.

Section 2. Meeting Space

Union representatives may request the use of college facilities to hold union meetings by contacting the Administrative Assistant to the Vice President of Administration, or his or her designee, at least 24 hours prior to the meeting. Upon prior notification, the College will provide meeting space where feasible. Such meetings will not interrupt the business of the College and will not involve employees who are on working time, unless approved in writing by their supervisor. The College shall make space available for Union representatives to have confidential discussions with employees on an as-needed basis subject to availability and provided that the Union has made prior arrangements with the Executive Director of Human Resources or his or her designee to schedule such meetings.

If there is no Union representative on duty at the campus, the employee shall be allowed at least twenty-four (24) hours to obtain a Union representative.

An employee shall not have the right to a union representative in attendance during a discussion solely related to performance or during a performance review unless the performance review could lead to termination or demotion without immediate improvement on the part of the employee.

All employees are expected to give prompt and truthful responses and to otherwise fully cooperate with the College's investigation.

The role of the union representative is to advocate for and to assist the employee including consulting with the employee in advance of the meeting with management, clarifying the employee's statement concerning the facts and suggesting possible witnesses. The Union shall not interfere with the College's investigating process. The employee shall speak on his or her own behalf.

If 600 hours is not an appropriate amount of time for the job stewards to responsibly represent employees, the parties shall meet to discuss the amount of time required. Job Stewards must obtain authorization from their supervisor for release time to conduct representational duties during working time. Approval of release time will not be unreasonably denied.

Section 8. Union Office

The notice shall state the reasons for the termination, the effective date, and the appropriate appeal route. If the rejection during the trial period is for a reason specified section in this MOU on automatic termination, then the College may disregard the requirement for 10 days' notice and immediately submit a written termination notice to the employee with a copy to the union.

When the College determines that an employee is unable or unwilling to satisfactorily perform the duties and responsibilities of the position, the College shall either:

1. return the employee to his or her former position, if it is vacant; or

The College shall take into account equipment and resource problems, lack of training, frequent interruptions, and other matters outside of an employee's control when applying standards/elements to performance. Pre-approved time away from the job including sick leave, personal days, annual leave and authorized duty time for union representational purposes and other authorized activities will not be considered negatively in the application of performance standards and behavioral elements. BCCC shall be responsible for informing College employees of any procedures or policies established by BCCC and associated with the safe handling of materials or equipment; require them to use any protective devices, clothing, or equipment, and to follow such procedures; and advise such persons of the existence of hazards of which BCCC is aware or ought reasonably to be aware, associated with the employee's employment duties. BCCC shall provide reasonable advance notice of any known potential hazardous or unsafe conditions associated with new construction, renovation, or restoration projects at all worksites, including off campus locations.

Section 8. Critical incident situation shall be handled pursuant to the College's Critical Incident Management Plan.

Section 9. Nothing under the Health and Safety Article of this MOU shall be construed as to preclude an employee from filing any complaint with any appropriate authority. The parties agree that it is in both parties' best interest that the processes set forth in this MOU be utilized appropriately.

Article 29. Uniforms and Equipment

Section 1. Uniforms

When the College requires employees to wear a uniform, the College shall provide those employees with five (5) sets of the required uniform trousers and shirts (both short- and long-sleeved).

New employees shall receive three (3) sets of uniforms and an additional two (2) additional sets after the completion of the employee's probationary, providing them with their 5 sets of uniform trousers and shirts. These items shall be replaced only as a result of regular wear and tear as needed.

New public safety department employees shall receive five (5) sets of uniforms.

uniforms issued to him or her. Employees shall report immediately to his or her supervisor when any uniform becomes damaged or is lost. The College shall provide a uniform replacement for a damaged or worn-out pair of pants or shirt, so that the employee may be able to maintain five (5) sets of serviceable uniforms. An employee shall return the pair of pants or shirt to his or her supervisor when a replacement will be made. Replacement(s) will be approved by the employee's supervisor or his or her designee on a case-by-case basis.

The College reserves the right to make decisions on the types, color, prints and style of uniforms. Employees may be required to submit to sizing or provide his or her measurement for new uniforms.

There shall be a color coded system for uniformed employees whereby different departments wear different colored uniforms. There shall be a bargaining committee subcommittee of the Labor Management Committee composed of members of labor and management to determine what the colors of the new uniforms shall be. The first meeting of this subcommittee shall be in September 2010. The subcommittee shall meet yearly thereafter in September.

Employees who do not comply with this policy shall be subject to disciplinary action. The Employer will ordinarily furnish and maintain in good condition the equipment needed by employees to perform their jobs.

Section 2. Equipment

A. General

2. Employee Responsibility

Employees are responsible for the safekeeping of tools and equipment assigned to them. Employees shall sign an Acknowledgment they have been assigned College property or equipment. If tools and equipment are lost or damaged due to negligence by an employee then the responsible employee may be held personally liable. Otherwise, the College recognizes that tools and equipment normally experience wear and damage during the course of regular use and such wear and damage is not the responsibility of the employee. The Acknowledgment shall include this acknowledgment.

All equipment assigned to an employee shall be returned to the College immediately upon demand and upon separation of employment. Failure to do so shall result in deduction from the employee's last wages of the value of the unreturned property, in

accordance with the law. The Acknowledgement shall include an employee authorization for such a deduction. The College may take legal action against an employee who fails to return College property upon demand.

C. Cell Phones

The College follows the State's Cell Phone Policy. Employees who receive cell phones from the College shall also abide by this Policy. The College shall provide the Policy to any employee who is given a cell phone. Employees are responsible for the cost of all personal calls. While the College anticipates that some incidental personal use of cell phones, it is also expected that such use is infrequent.

Article 30. Personnel Files

Section 1. Official Personnel File

There shall be one official personnel file and that file shall be kept in the College's Human Resources Office.

The Official Personnel File shall include, but may not be limited to, the following:

- A. Applications and/or Resumes
- B. Position description of the position held by the employee
- C. Classification studies of the position held by the employee
- D. Performance Evaluations
- E. Documents reflecting changes in pay compensation
- F. Documents reflecting conversion from contractual to regular status
- G. Discipline
- H. Documents relating to credentials
- I. Documents that the employee is obligated to provide to the College or that the
- J. College has otherwise requested from the employee
- K. Work-related commendations, awards and training certificates that the employee or the employee's supervisor gives to Human Resources.

If an employee believes that a document or documents are missing from his or her official personnel file, the employee shall immediately notify the Executive Director of Human Resources in writing of the specific document(s) he or she believes is/are missing. The Executive Director of Human Resources or his or her designee shall conduct a good faith search to locate the document(s). The employee will be notified whether the document was found and placed into the file or whether it could not be located.

Grievance-related documents, immigration matters, medical information, and investigatory materials shall be kept in separate files. An employee shall have access to: (1) his or her own I-9 or other immigration-related documents that he or she has provided to the College; (2) any grievance that the employee has filed and its related documented decision(s); and (3) his or her own file containing medical information.

The College shall not provide an employee representative access to an employee's medical information file until the employee has signed a Release and the College has received a Release with the employee's original signature. The Release form shall be provided by the College and shall comply with the federal Health Information Privacy and Administration Act of 1997 (HIPAA) and other relevant privacy laws. The Release

form shall include a statement that if the employee signs the release, he/she may have waived his/her rights under HIPAA or other relevant privacy laws. To the extent required by law, an employee may gain access to the investigative files or grievance related documents under established laws and regulations.

An employee shall not, in the ordinary course, have access to investigative files or grievance-related documents, except as provided above. There is no grievable action based upon this Section.

Section 2. Anonymous Materials

Other than routine personnel forms, no anonymous materials shall be placed in an employee's official personnel file.

Section 3. Working Files

Supervisors may keep a working file, but records of previous discipline counseling and performance evaluations not found in the official personnel file cannot be used against an employee in any future disciplinary proceeding.

Section 4. Access

An employee, and, with the employee's written authorization, a representative(s) shall have the right to review his/her personnel file upon request, during normal business hours, with no loss of pay. An employee has the right to request and to receive copies of documents from his or her official personnel file. The employee may incur reasonable copying charges for all documents requested.

Section 5. Notification

Any negative material to be placed in an employee's personnel file will be initialed and dated by the employee and a copy provided to him/her. If the employee refuses to sign, material shall be placed in the file with a note of the employee's refusal. The employee's initials indicate simply that he/she has seen the material and is not to be viewed as agreement with its contents. The documentation of the disciplinary action shall also include the statement that the employee's initials indicate simply that he/she has seen the material and is not to be viewed as agreement with its content. Any negative material which is placed in an employee's personnel file without following this procedure will be removed from the file and destroyed.

Section 6. Requests to Correct or Amend Personnel Files

An employee shall have the right to request a correction or make an amendment to his or her personnel file. The request shall be: (1) made in writing; (2) filed with the Executive Director of Human Resources; and (3) filed within thirty (30) days of the date that the employee first knew or should have known of the allegedly inaccurate or incomplete information.

Each written request shall: (1) identify the personnel record that the employee is seeking to correct or amend; (2) state the precise correction or amendment requested; (3) state the reason that the correction or amendment is being sought; and (4) include a statement that the records are, in the employee's belief, currently inaccurate or incomplete. A request that does not reasonably comply with these requirements shall be returned to the employee with an explanation of the reason for the rejection and a statement that the employee may re-file a corrected written request within fourteen (14) calendar days.

Within thirty (30) days after a compliant written request has been timely filed, the Executive Director of Human Resources or his or her designee shall: (1) make the requested correction or amendment and inform the employee in writing of that action; (2) inform the employee in writing of the College's refusal to make the requested correction or amendment and the reason for the refusal; or (3) inform the employee that the request will not be acted upon if there is a legal reason for the inaction.

Although not grievable, if the College's determination is a refusal to correct or amend, the employee may file a concise statement of disagreement concerning the College's refusal. The statement of disagreement shall: (1) include the reason for the requested correction or amendment; (2) include the reason for the disagreement with the College's refusal; and (3) contain a maximum of five (5) one-sided pages, with a maximum page size of 8-1/2 X 11 inches.

If the personnel file is disclosed to third parties, the statement of disagreement shall also be disclosed.

Article 31 Discipline

Section 1. Generally

The primary objective of disciplinary action is to counsel employees at an early stage in the disciplinary process, concentrating on helping the employee determine ways to prevent a problem from recurring. Nothing in this Article shall alter the at-will status of employees in the exempt bargaining unit.

An employee shall have the right to Union representation if he or she requests it at a meeting that may lead to discipline or when a disciplinary action is taken. The College shall consider any mitigating circumstances when determining the appropriate discipline. The College shall not consider mitigating factors in circumstances warranting immediate termination of employment.

The College may take disciplinary action because of an employee's unsatisfactory work performance or because of misconduct.

The College's burden of proof is by preponderance of the evidence in any proceeding under this Article, except in a case involving an employee on original probation. Employees on original probation bear the burden of proof in a disciplinary action. The sole issue is whether the College's action in disciplining an employee on original probation is illegal or unconstitutional.

After taking a disciplinary action against an employee, the College may not impose an additional disciplinary action against that employee for the same conduct unless additional information is made known to the College after the disciplinary action was taken.

Section 2. Disciplinary Actions Permitted

- A. The College may impose any disciplinary action no later than 30 days after a supervisor or manager, including any chair or dean but excluding faculty, acquires knowledge of the misconduct for which the disciplinary action is imposed.
- B. The College may take the following disciplinary actions against any employee:
1. give the employee a written reprimand;
 2. direct the forfeiture of up to 15 work days of the employee's accrued annual leave;
 3. suspend the employee without pay;
 - a. An employee may be suspended without pay, so long as his or her FLSA classification is not changed, no later than five (5) workdays following the close of the employee's next shift after the College acquires knowledge of the misconduct for which the disciplinary action is imposed. Saturdays, Sundays, legal holidays, and leave days of any kind are excluded in calculating the five (5) workday period.
 4. deny the employee an annual pay increase;
 5. demote the employee to a lower pay grade; or
 6. with prior approval of the President:
 - a. terminate the employee's employment, without prejudice, or;
 - b. if the College finds that the employee's actions are egregious to the extent that the employee does not merit employment in any capacity with the College, terminate the employee's employment, with prejudice.
 7. direct up to 3 workdays of emergency suspension of the employee, with pay, to immediately remove the employee from the workplace when the College believes that the employee:
 - a. poses a threat to self, another individual or College property; or
 - b. is incapable of properly performing the employee's duties because of extraordinary circumstances;
 8. terminate the employee's employment immediately.

In determining the appropriate level of discipline, the College agrees to abide by the tenets of progressive discipline; however, that does not mean that the list of disciplinary actions above are listed to show a particular order of disciplinary action that must be followed in every circumstance, nor to indicate that each step listed needs to be taken prior to a heightened level of discipline, nor that the first time an employee is disciplined, that disciplinary action should be the type of discipline listed in item (a).

The College shall discipline an employee in the manner it determines to be appropriate given the reason for the discipline and other relevant circumstances, including the severity of the misconduct or performance issue leading to the discipline and the relevant history of discipline. Progressive discipline does not require supervisors to impose harsher penalties than are necessary to inspire and move an employee to correct a problem. Similarly situated employees will be treated similarly regarding the application of disciplinary actions.

- C. After 18 months, discipline relating to attendance and job performance shall be removed from an employee's file, so long as the employee was not disciplined for engaging in similar conduct during the previous 18 months.

Records of previous counseling, discipline, and performance evaluations not found in the official personnel file cannot be used against an employee in any future disciplinary procedure.

After taking a disciplinary action against an employee, the College may not impose an additional disciplinary action against that employee for the same conduct unless additional information is made known to the College after the disciplinary action was taken.

- D. An employee who is placed on leave without pay for an unapproved absence may be subject to disciplinary action for the unapproved absence, but placing the employee on leave without pay for the unapproved absence is not a disciplinary action.
- E. Requiring an employee to make restitution to the College for loss or damage to College property due to an employee's negligence is not a disciplinary action, but an employee who makes restitution may be disciplined for his or her negligence. The College may not require an employee to pay restitution exceeding 3% of the employee's annual base pay. An employee who is ordered to make restitution may be subject to civil prosecution or criminal prosecution.
- F. This Article does not preclude the College and an employee from agreeing to:
1. hold in abeyance a disciplinary action for a period not to exceed 18 months in order to permit the employee to improve conduct or performance;
 2. impose of a lesser disciplinary action as a final and binding action.

Section 3. Counseling Memoranda

- A. Issuing a counseling memorandum is an instructional communication and is not a disciplinary action.
- B. An employee may submit a written response to the memorandum to the College within 5 days after receiving a counseling memorandum. The employee's written response shall be placed in the employee's personnel file as an attachment to any record of the memorandum. An employee may not take any other action in response to a counseling memorandum.
- C. Counseling Memoranda may not be grieved.
- D. A counseling memorandum shall be removed from an employee's record after two (2) years, provided there have been no similar occurrences.

Section 4. Automatic Termination of Employment

The following actions are just causes for automatic termination of employment:

- A. intentional conduct, without justification that:
 - 1. seriously injures another person,
 - 2. causes substantial damage to property, or
 - 3. seriously threatens the safety of the workplace;
- B. theft of College property
- C. illegal sale, use or possession of drugs on the job;
- D. conviction of a controlled dangerous substance offense by an employee in a designated sensitive classification;
- E. conviction of a felony;
- F. accepting for personal use any fee, gift or other valuable thing in connection with or during the course of College employment if given to the employee by any person with the hope or expectation of receiving a favor or better treatment than that accorded to other persons;
- G. a violation of the Fair Election Practices Act; or
- H. using threatening, or attempting to use political influence or the influence of any College employee or officer in securing, promotion, transfer, leave of absence, or increased pay.

Though Section 1 provides for cause reasons to terminate an employee's employment, an employee's employment may be terminated with or without cause.

Section 5. Employee Misconduct

- A. The following actions are just causes for discipline:
 - 1. being negligent in the performance of duties;
 - 2. engaging in intentional misconduct, without justification, which injures another person, causes damages to property, or threatens the safety of the workplace;
 - 3. being guilty of conduct that has brought or, if publicized, it would bring the College disrepute;
 - 4. being unjustifiably offensive toward fellow employees or the public;
 - 5. violating a provision of SP&P, Title 2, Subtitle 3, Title 15 or § 9-607.
 - 6. stealing College property.
 - 7. after notification, continuing to engage in another business, trade, or occupation, which conflicts with the employee's position, or which prevents the employee from satisfactorily performing the duties of the employee's position;
 - 8. engaging in conduct involving dishonesty, fraud, deceit, misrepresentation, or illegality;
 - 9. causing damage to public property or wasting public supplies through negligence, recklessness, or willful conduct;

10. willfully making a false official statement or report;
11. knowingly assisting another in conduct that is a violation of State Personnel and Pensions Article, Annotated Code of Maryland, the regulations in this chapter, or any other lawful College policy;
12. violating a lawful order or failing to obey a lawful order given by a superior, or engaging in conduct, violating a lawful order, or failing to obey a lawful order which amounts to insubordination;
13. engaging in discrimination prohibited by law;
14. using leave contrary to law or MOU
15. committing another act, not previously specified, when there is a connection between the employee's activities and an identifiable detriment to the College; or,
16. failing to notify the supervisor regarding his or her absence for three or more consecutive days. "Notify," for the purposes of this section, means: to speak with the supervisor during normal business hours and, if no contact is made, to leave a message on his/her cell or work phone and then contact the department's administrative assistant.

B. Before an employee may be disciplined, the College shall:

1. notify the employee of the misconduct and provide an explanation of the College's evidence;
2. investigate the alleged misconduct;
3. meet with the employee;
4. consider any mitigating circumstances;
5. determine the appropriate disciplinary action, if any, to be imposed; and
6. give the employee a written notice of the disciplinary action to be taken and the employee's appeal rights and inform the employee of the effective date of the disciplinary action.

Though Section A provides for examples of cause that support a decision to discipline an employee and Section B provides a procedure, an employee's employment may be terminated with or without cause.

C. Except when otherwise authorized by law, an employee may not be required to submit to a polygraph test.

Section 6. Performance-Related Discipline

- A. The College may discipline an employee for reasons relating to the employee's performance. These reasons include, but are not limited to:
 1. that the employee is incompetent or inefficient in the performance of the employee's duty as determined under Article 27, Section 5(D);
 2. that an employee with a disability does not or cannot perform the essential functions of his or her position with a reasonable accommodation; or
 3. that the employee currently is not qualified for the position.

B. Excessive tardiness constitutes just cause for the College to take corrective action, including discipline. The following guidelines will be used to identify excessive tardiness:

1. An employee who is tardy without approval three (3) or more days within a twenty (20) day period shall be counseled in accordance with section 3 in this article.
2. If the employee is tardy without approval three (3) or more times within the following forty (40) day period, the employee shall receive a written reprimand.
3. If the employee is tardy without approval three (3) or more days within the following sixty (60) day period, the employee shall receive a suspension without pay of either one (1) day.
3. If the employee is tardy without approval three (3) or more days within the following forty (40) day period, the employee shall receive a suspension without pay for (3) three days.
4. If the employee is tardy without approval three (3) or more days within the following forty (40) day period, the employee shall receive a suspension of five days without pay.
5. Any further tardiness without approval three (3) or more days within the following forty (40) day period will subject the employee to more severe discipline up to and including termination.

C. Before an employee may be disciplined for performance-related reasons, the College shall:

- a Investigate the employee's performance, including the employee's most recent performance appraisals.
- b Notify the employee in writing of the deficiency and provide an explanation of the College's position.
- c Meet with the employee to hear the employee's explanation, unless the employee is unavailable or unwilling to meet;
- d Together with the employee, discuss possible courses of action that make the performance goal attainable; and
- e After determining the appropriate discipline, give the employee written notice of the disciplinary action to be taken, and the employee's appeal rights, and inform the employee of the effective date of the disciplinary action.

D. Between the time the College notifies the employee of the disciplinary action and the time of the imposition of the discipline, the College may rescind the discipline.

E. Except in the case of an annual performance appraisal, within 30 days after the College acquires knowledge of performance-related reasons for which disciplinary action may be imposed, the appointing authority shall take each of the actions required in Section B of this article. The time period may be extended for any time that the employee is unavailable.

Section 7. Severance

An employee who is involuntarily terminated without cause shall be entitled to, in addition to the payout of any accrued leave and COBRA eligibility:

- A. One months' severance pay, at the employees' regular rate of pay at the time of termination and
- B. Job placement assistance.

Section 8. Time Limits

- A. An employee who fails to appeal a decision in accordance with this MOU has accepted the decision.
- B. If the College fails to abide by any of the time limits in this Article, then the discipline shall be rescinded and the employee shall be made whole for his or her losses.
- C. The College and the Union may agree to waive or extend any time limits as stated in this Article.

Section 9. Appeals of Discipline

- A. The appeal of a disciplinary action shall begin at Step I of the grievance procedure. An appeal shall be filed no later than 15 days from the date that the employee received a copy of the disciplinary action. The appeal shall be filed with the Dean or Director. The employee may appeal any decision makers' decision pursuant to the Grievance Article.
- B. An employee may appeal a Step III decision to non-binding arbitration.

If binding arbitration becomes permissible for the College during the duration of this MOU:

The appeal of a disciplinary action shall begin at Step I of the grievance process. An appeal shall be filed no later than 15 days from the date that the employee received a copy of the disciplinary action. The appeal shall be filed with the Dean or Director. The employee may appeal any decision makers' decision pursuant to the Grievance Procedure Article. An employee may appeal a Step III decision to binding arbitration.

- C. Each party shall make every effort to resolve an appeal at the lowest level possible.
- D. A failure to decide an appeal in accordance with this MOU is considered a denial from which an appeal may be made.
- E. When appealing a disciplinary action, the employee or the employee's representative shall state to the extent possible and on a written form provided by the College the issues of fact, law and mitigating circumstances the employee believes would warrant rescinding or modifying the disciplinary action. Failure to

state the issues of fact and law when it is possible to do so may be grounds for dismissing the appeal.

- F. The at-will status of an exempt bargaining unit employee shall not prohibit an employee from grieving the termination of employment.

Article 32. Grievances

The purpose of this Article is to provide a mutually acceptable method for the prompt and equitable resolution of grievances filed by bargaining unit employee(s). the Union or the College. This is the exclusive procedure available to bargaining unit employees, the Union or the College for the resolution of grievances alleging a breach of the provisions of this MOU. No reprisal shall be taken against any employee for the filing and processing of any grievance.

In this regard, the parties commit to fully discussing their positions and the facts and evidence supporting such position so that each party can make an informed decision on the appropriate resolution of the grievance under consideration.

Section 3. Grievability/Arbitrability Issues

In the event either party should declare a grievance non-grievable or non-arbitrable, the original grievance shall be considered amended to include this issue. The parties agree to raise any question of grievability or arbitrability of a grievance prior to the time limit for the written answer in the final step of this procedure.

Section 4. Exceptions

Article 33. Arbitration

Until such time as the law may change to permit a State agency to engage in binding arbitration, any arbitration pursuant to this MOU shall be non-binding

A grievance processed under Grievance Article of this MOU, if unresolved may be referred to arbitration as provided for below:

Section 1. Invoking Arbitration

A referral to arbitration can be made only by the Union or the College and must be in writing. Such referral must be made within ten (10) working days from the date the final written decision was rendered under the Grievance Procedure. The arbitrator shall have no power to add to, subtract from, disregard, alter or modify any terms of this Agreement.

The parties will first attempt to mutually agree on an arbitrator and each side will offer the names of three (3) acceptable arbitrators. If the parties cannot mutually agree on one of these arbitrators, the moving party will request a list of five (5) names until one (1) name remains. This person will be selected to hear the case. The parties will flip a coin to determine who will make the first strike.

Section 2. Procedures

The arbitrator shall determine the procedures used to conduct the arbitration hearing. Each party is entitled to have one (1) representative and one (1) technical advisor at each hearing. The parties agree to keep the number of witnesses to a reasonable number.

Section 3. Effect of the Arbitrator's Award

The arbitrator's decision shall be final and binding on both parties. The arbitrator's award shall be based solely upon evidence, testimony and arguments appropriately presented by the parties in the hearing and any post hearing briefs.

Section 4. Time Frames

The arbitrator will be requested to render the decision as quickly as possible, but not more than thirty (30) calendar days after the conclusion of the hearing, unless the parties mutually agree to extend the time limit.

Section 5. Costs

Each party shall be responsible for paying its witnesses in an arbitration hearing, except that BCCC agrees to pay for the grievant and one Union Steward to attend an arbitration hearing conducted during the working day. Both parties shall share the cost of arbitration equally. The cost of a court reporter shall be borne by the party requesting that the proceeding be transcribed. Any fee(s) resulting from withdrawal, postponement or cancellation shall be borne by the requesting party.

Article 34. Drugs and Alcohol Abuse

Section 1. Generally

The College is committed to having a community free of drugs and alcohol. The College and the Union recognize the societal damage of substance abuse. The parties agree that the College must show the way towards achieving a drug- and alcohol-free workplace and academic community by recognizing the benefit of rehabilitation, and, at the same time, demonstrating to substance abusers and potential abusers that substance use will not be tolerated at the College. Permitting employees to work under the influence of drugs and alcohol is inconsistent with the special trust placed in the College's employees as servants of the public.

The possession, use, consumption, sale, purchase or distribution, dispensation, or manufacture by any employee of alcohol, illegal drugs, or any illegally-obtained drugs on the College's premises or within its facilities, or in the conduct of College-related work off College premises, or at any time during the course of the workday, is strictly prohibited.

The College recognizes that an individual with alcoholism has a disability which is protected under the ADA. While people with alcoholism may be individuals with disabilities, the ADA still allows employers to hold them to the same performance and conduct standards as all other employees. Current illegal use of drugs is not protected by

the ADA. The College does not need to employ someone who is currently engaging in the illegal use of drugs.

The College encourages employees who are experiencing substance abuse problems to seek treatment through the College, the State's Employee Assistance Program, or self-referral to a certified rehabilitation program. Employees are encouraged to voluntarily do so in advance of, and ideally to avert, any adverse impact on work-related performance and behavior issues that substance use may lead to. The College will not terminate the employment of an employee who, in advance of any workplace incident, accident, injury or performance issue leading to discipline, voluntarily seeks assistance for a substance abuse program.

Section 2. Drug and Alcohol Use or Abuse

A. Reporting to work or performing work duties after having ingested illegal drugs or non-prescribed prescription drugs, or while under the influence of alcohol, is strictly prohibited. Under the influence of alcohol is defined by state law.

B. An employee shall not report to work or perform his or her duties while taking prescribed drugs or over-the-counter medications which the employee knows or reasonably should know adversely affect the employee's ability to safely and effectively perform his or her job duties.

C. An employee who notifies his or her supervisors that he or she may not be able to safely and effectively perform his or her job because of his or her therapeutic drug use may take paid leave or leave without pay as permitted by the Leave Article of this MOU.

D. An employee who is called to report to work during an unscheduled time shall immediately inform his or her supervisor if he or she should not report to work. Employees should not report to work if doing so would violate this Article. An employee should consider his or her consumption of alcohol within the previous four (4) hours, and any drug or over the counter medication that would interfere with his or her ability to travel safely to work and/or perform safely and efficiently his or her job duties.

E. A referral to an Employee Assistance Program and/or a substance abuse rehabilitation program is not discipline. The College may discipline an employee based upon actions or inactions leading to the referral, and the employment of an employee who fails to participate successfully in such a Program when referred to it may be terminated, pursuant to Article on Discipline in this MOU. Continued unacceptable job performance, attendance and/or behavioral problems shall result in disciplinary action, up to and including termination of employment in accordance with the Article on Discipline in this MOU.

An employee who is found guilty, accepts a plea of nolo contendere, or receives probation before judgment of an alcohol driving offense or a controlled dangerous substance offense shall report as such to the Executive Director of Human Resources within five (5) work days.

F. Violations of the aforementioned prohibitions will be subject to discipline up to and including termination in accordance with Article on Discipline in this MOU.

Section 3. Testing

A. Types

The College may require testing for illegal use of drugs, or alcohol level. The College will not ask that the samples provided for this purpose be used for other purposes.

Testing may take place only under the following circumstances:

1. Pre-Employment - Applicants for employment who have received an offer of a job contingent on passing the substance abuse test;
2. Behavior Indicated (Reasonable Suspicion) Testing - When the Executive Director of Human Resources has reasonable and specific grounds to believe that the actions, appearance and/or conduct of an employee are indicative of using alcohol or drugs, other than authorized and reported prescription or nonprescription drugs and that a test of the employee shall produce evidence of the illegal use of drugs or evidence of use of alcohol.
3. Post-Accident Testing -- An employee who, while on duty, was involved in an accident, or incident that resulted in injury to the employee or to another employee, student or visitor, shall be tested as soon as possible after the accident or injury. An employee, who is unable to submit to testing at the time of an accident due to the seriousness of his/her injuries, is required to provide the necessary authorization for obtaining hospital reports and other documentation that would indicate whether there were any drugs or alcohol in his/her body system.
4. Periodic Testing -- A sensitive employee may be required to submit to drug/alcohol testing during a fixed time frame, such as a return from leave.
5. Random Testing -- A sensitive employee will be required to submit to unannounced drug/alcohol testing when selected pursuant to a random selection process. Random testing requires that statistically significant samples of employees in sensitive classifications or in sensitive positions be tested on a periodic basis. If, during the duration of this MOU, the College becomes the administrator of its drug and alcohol testing program the College shall have a written system for random testing which shall include an identification of the specific system used to arrive at who will be tested, what the statistically significant numbers are, what random sampling techniques are going to be used, etc. The College shall provide the union with a copy of this written system and any revisions of it at the time that it is developed.
6. The College may arrange for testing of an employee in a position or classification that has been designated as sensitive when the employee's participation in a Substance Abuse Rehabilitation Program is not the result of having tested positive

for drugs or alcohol. Such testing may be administered at any time during the employee's participation in the Program and the one-year period following the employee's successful completion of the program.

B. Certified Laboratory; Chain of Custody

When drug or alcohol testing in any of the above circumstances is required, all testing will be conducted by a College-designated, State-certified medical testing laboratory with appropriate chain of custody procedures in place to ensure accuracy and continuity in specimen collection, handling, transfer, and storage, as required by applicable law and regulation.

C. Cooperation In Testing

Employees are expected to cooperate fully in order to properly complete the testing procedure, including providing the necessary consent, written authorization, information and specimens for testing. Failure to provide specimens, any attempt to contaminate a specimen, or any other interference with the collection procedures are grounds for disciplinary action, up to and including discharge, pursuant to the Article on Discipline in this MOU.

D. Positive Test Results

1. All specimens identified as positive on the initial test will be verified by a confirmatory test. Gas chromatography/mass spectrometry (GC/MS) or an equivalent or better confirmation test shall be used in urine samples. The standards established in COMAR shall be the basis for determining whether a test is positive.
2. There shall be a split sample. In the event of a positive test result, the employee may request independent testing at his/her own expense, of a portion of the tested specimen for verification of the test results. If the independent test result is negative, the College will re-test the original sample.
3. Any sensitive employee whose test results are confirmed positive for illegal drugs or use of alcohol shall be subject to disciplinary action up to and including termination.
4. The College recognizes that there is a possibility of a false positive result. If the employee's retest and the College's re-test show that the original positive result was false, then the employee shall not be disciplined on the basis of the false positive test result, and shall not experience any loss in pay or benefits. The false positive test result and any reference to that result shall be removed from the employee's personnel file.

Section 4. Searches

The College retains the right to conduct reasonable searches and inspections of that employee while the employee is on College property, including its building, grounds and parking lot, or garage. Such searches will be conducted with respect for the employee and if the employee requests, with the presence of a job steward. Such searches may be of their lockers, desks, College-provided tool boxes, and College vehicles. The College may also request that an employee permit inspection of his or her baggage, brief case, or person. Any employee who refuses to submit to a search and/or inspection may be subject to disciplinary action up to and including termination of employment.

Section 5. Rehabilitation Required for Continued Employment

- A. An employee's continued employment may be conditioned on the employee's enrollment in and satisfactory completion of a substance abuse rehabilitation program. If an employee is, in lieu of termination, required to enroll in a substance abuse rehabilitation program, the employee shall participate in a Program appropriate, length given the employee's circumstances that is at least six (6) months in duration. The employee shall be subject to periodic testing throughout the Program's duration. If an employee fails to enroll in the Program or does not successfully participate in and complete the Program or if the employee tests positive during the program or the one year following completion of the Program, the employee shall be terminated.
- B. A current employee who applies for a sensitive position and tests positive on a drug test for illegal use of drugs shall be suspended without pay for fifteen (15) days. As a condition of returning to work, the employee shall enroll in a treatment program of at least six (6) months, be subject to periodic testing throughout this time, and submit a certification from an attending physician or other licensed professional associated with the rehabilitation program. The certification shall be made under oath to confirm that the employee has successfully participated in the program for at least six (6) months and has not tested positive.
- C. At the conclusion of a Rehabilitation Program, the employee shall be required to submit to the Executive Director of Human Resources a certification from the attending physician, certified chemical dependency counselor, licensed certified social worker or licensed psychologist associated with the Program, certifying under oath that the employee has successfully participated in the Program and has not tested positive for use of illegal drugs or alcohol use at any point during the Program.
- D. An employee who fails to enroll in a substance abuse rehabilitation program during the suspension period or who fails to successfully participate in a program for at least six (6) months shall be terminated. An employee who submits the proper certification and remains drug-free for 18 months may reapply for a sensitive position.

Section 6. Sensitive Employees

A. The College may designate certain positions as “sensitive”. Applicants for sensitive positions shall be tested for the illegal use of drugs as part of the selection process.

The College shall provide the Union a list of classifications and positions designated as sensitive.

B. A refusal to submit to testing required as part of the selection process for a sensitive position shall result in disqualification and removal from list maintained to track eligible candidates.

C. A sensitive employee:

1. convicted of any controlled dangerous substance offense while employed by the College shall be terminated;

2. who tests positive for a controlled dangerous substance as a result of a random drug test shall be suspended for fifteen (15) work days and shall be required to successfully participate in a drug treatment program designated by an Employee

Assistance Program;

3. who abuses prescription drugs provided to the employee or an over-the-counter drug shall, on a first offense, be suspended for five (5) workdays and be required to participate in a drug treatment program designated by the Employee Assistance Program.

4. who for the first time, is convicted of alcohol driving offense based upon activity that occurred during the employee’s work time or is found to be under the influence of alcohol while at work shall be suspended for fifteen (15) days and shall be required to successfully participate in an alcohol treatment program designated by the Employee Assistance Program.

Section 7. Alcohol Driving Offenses

A sensitive employee convicted of an off-duty alcohol driving offense, and a non-sensitive employee convicted of any alcohol driving offense shall:

A. on the first conviction, be referred to an Employee Assistance Program and, in addition, be subject to appropriate discipline;

B. on the second conviction, be suspended for a minimum of five (5) days, be referred to an Employee Assistance Program, be required to participate successfully in the designated treatment program, and be subject to any appropriate disciplinary action, up to and including termination;

C. on the third conviction, be terminated.

Section 8. Records

Testing records shall be treated as confidential and shall be kept in employees’ separate medical files.

Article 35. Employee Assistance Program

Section 1. Employee Assistance Program (EAP)

The College and the Union recognize the value of counseling and assistance programs to those employees whose personal problems affect the performance of their job duties and responsibilities. Employees may participate in the State's Employee Assistance Program in accordance with the Program's eligibility requirements. Participation in an EAP is purely voluntary. Except as provided in Section 3, job security and promotional opportunities will not be jeopardized by an employee's participation in the EAP. The College shall treat documents received from the Program as confidential and shall not release them without the express written consent of the employee or as otherwise provided by law.

Section 2. Limited Waiver of Confidentiality

If the College and an employee enter into an agreement which includes the College's agreement to defer or reduce an otherwise immediate disciplinary action contingent upon the employee's successful participation in a treatment program, the employee shall be required to waive confidentiality in order to permit the College to verify the employee's successful participation in a treatment program. The employee shall be required to sign a release so that the program will provide the College with reports regarding the employee's successful participation (but without details on the employee's medical condition or history) and, if appropriate, the employee's ability to perform his or her job safely and effectively and/or whether the employee needs to continue to participate in a program beyond the time period initially indicated.

These reports shall be submitted to and maintained by Human Resources. The reports shall be treated as confidential and shall not be maintained in the employee's regular personnel file.

Section 3. Adherence and Accountability

If an employee does not comply with all of the requirements contained in his or her Employee Assistance Program Participation Agreement (an agreement to participate in an EAP in order to defer or reduce an otherwise immediate disciplinary action), the College may take the level of disciplinary action that is appropriate under the circumstances and in line with the provisions of the MOU article on discipline.

Section 4. Referrals to EAP

If a supervisor or the College refers an employee to an Employee Assistance Program, then the College shall simultaneously give the employee a copy of the referral form and documents submitted with the referral.

Article 36. Essential Employees

The end-result of bargaining over this Proposal will be contained in the College's Procedures for Delayed Opening, Early Dismissal and Closing Due to Inclement Weather.

1. An Essential Employee is an employee of who has been designated as being vital to the College's operation, whose presence is required regardless of the existence of an emergency condition, and whose absence from duty could endanger the safety and well-being of the campus population and/or physical plant. Examples of such employees are police, stationary engineers or other heating plant and maintenance personnel and snow removal employees.
2. Employees deemed "essential" may be required to report to work even though a decision has been made to close the College or delay its opening.
3. Each department is responsible for establishing and notifying which employees or class (es) of employees are considered essential and for establishing the conditions under which employees must report.

Article 37. College Delayed Opening, Early Dismissal or Closing

Section 1. Use of Release Time or Leave

- A. Whenever the college closes or delays opening, the period specified during which non-essential staff are not required to report will be recorded as emergency release (code 72). This is paid release time that is not charged to any employee leave balance.
- B. Liberal leave will be granted to non-essential staff who cannot comply with announced operations schedule.
- C. Essential employees who do not report as required may be subject to disciplinary action.
- D. If a non-essential employee does not have any accrued leave available, the employee may take leave without pay for liberal leave.
- E. Liberal leave means that employees may use available annual, compensatory or personal leave without advance approval of a supervisor. This does not apply to essential personnel.

Section 2. Compensation for Essential Employees

- A. Essential, Non-Exempt Skilled Service Employees who report in accordance with their departmental plan for two hours for each hour worked. If, at the end of the pay period in which an emergency closing occurred, the employee had worked more than 40 hours, the employee will be paid at time and one-half for each hour over forty or receive compensatory leave, whichever the employee chooses.
- B. Essential, Exempt Employees who report in accordance with their departmental plan will be credited with compensatory leave of one hour for each hour worked.

Section 3. Compensation for Non-Essential Employees in Special Circumstances

This Section shall become effective only if skilled service employees are removed from SPMS. During special situations, an employee who has not been designated as an Essential Employee for a particular type of situation may be eligible to be paid in accordance with Section 2 above, subject to these requirements:

- A. In the event a supervisor determines that he or she has a specific project which requires work that may not be able to be completed by non-essential employees during a time when there may be a delayed opening, early closing or closing that results in an announcement that non-essential employees are not required to work, the supervisor will provide advance notice that he or she is seeking volunteers to work on a specific project.
- B. The number of volunteers solicited shall be selected based upon the number of employees the supervisor elects to schedule.
- C. No employee who previously volunteered to work pursuant to this Article but who failed to report to work shall be selected to work in this circumstance.

Article 38. Layoffs

The procedures in this article shall apply in the event that the College determines that layoffs of exempt bargaining unit employees are required. A layoff involves reallocating, consolidating or terminating program functions when the College confronts decreasing enrollment patterns, changing program priorities or fiscal crisis.

Section 1. Notice to the Union

The College will notify the Union at least ten (10) calendar days prior to the implementation of a layoff. The notice of the layoff shall include the number of bargaining unit employees and the reasons for the layoff. The College shall meet with the Union at its request within the ten (10) day period preceding the layoff to discuss the situation and the reasons for the layoff, the departments that will be affected, the total number of bargaining unit employees, and the expected duration of the layoff. The Union may provide and the College will consider alternatives to the announced layoff at this meeting or at a later meeting, if so requested by the Union. If requested, management

will meet with the Union to discuss and consider alternatives to layoffs within one week of the request; however, this request shall not delay the effective date of the layoff.

Section 2. Notice to Affected Employees

Only after consultation with the Executive Director of Human Resources, the Department Head shall notify those employees who are to be laid off at least 60 calendar days before the effective date of the layoff. Employees shall be paid and shall not report to work during the notice period. During this period, the employee shall continue to have the status of being employed by the College.

The notice to the employees shall state:

1. The fact that the College has made a decision that circumstances require that the employee be laid off;
2. The reason or reasons for the layoff;
3. The effective date of the layoff;
4. The right to receive pay and not have to work for the sixty (60) day notice period;
5. Recall rights after layoff;
6. Reinstatement rights after layoff.

During the sixty (60) day period, the employee shall continue to have the status of being employed by the College.

Section 3. Displacement

There is no right for an employee affected by a layoff to displace another College employee.

Section 4. Outplacement Services

The College will provide off-campus outplacement services for all laid off employees when in the College's judgment the layoff will be for more than ninety days. Each eligible employee may request information about the types of counseling available for both the employee and his/her family. Free and confidential short-term counseling (max six sessions) and assessments and referrals for all affected employees will be provided covering the following and related topics:

- Job search skills
- Resume writing
- Stress and crisis management
- Grief and loss counseling
- Financial and adjustment planning/budgeting
- Family counseling

Section 5. Tuition

A. Waiver

The College shall continue to provide tuition waiver for those employees, their spouses and their dependent children enrolled in a class and using tuition waiver at the time that they receive notice of layoff until the end of the academic year that the layoff occurs, and the one immediately following semester.

B. Reimbursement

The College shall continue to provide tuition reimbursement for those employees enrolled in a class and using tuition reimbursement at the time that they receive notice of layoff until the end of the semester that the layoff occurs.

C. Remission

The College shall continue to provide tuition remission for those employees and their dependent children enrolled in a class and using tuition remission at the time that they receive notice of layoff until the end of the semester that the layoff occurred.

Section 6. Medical and Dental Benefits Continuation

In consideration of the hardships caused by layoff to employees and their families, the College shall pay the entire COBRA premium for those employees enrolled in the College's medical and dental plan at the time they receive notice of the layoff and who elect COBRA for two (2) months after the effective date of the layoff.

Section 7. Recall Rights

Employees who are laid off will be eligible for recall to their former position, or to another position requiring the same or substantially similar duties and the same qualifications as their former position for a period of up to one year from the effective date of the layoff. A qualified employee who has been laid off shall be offered the opportunity to fill a vacancy or contractual position prior to an internal candidate or other applicant. If employees are offered an opportunity for recall, they must accept the offer within seven (7) calendar days and report to work within fourteen (14) calendar days or they shall lose their recall rights. The Department of Human Resources shall proactively assist employees who have been laid off in identifying employment opportunities within the College for which such employees may qualify.

Employees on the recall list shall be offered non-PIN opportunities that become available within the College within one year of layoff and that are within the job classification that the employee held prior to layoff. If an employee accepts a non-PIN position, this shall not affect his or her recall rights.

Section 8. Reinstatement Rights

If an employee who has been laid off returns to College service within three (3) years of the effective date of his or her layoff, the employee will have all unused sick leave restored to his or her sick leave balance. Reinstated employees shall receive service credit for all time periods of State and College employment. This credit shall determine the step in pay grade and rate of annual leave accrual.

Article 39. Termination of Employment of Grant and Contract Funded Employees upon Termination of the Grant or Contract

Grant and contract funded employees are those employees who will be notified in writing, at the time of hire, of the start and end dates of the grant or contract which funds the position.

If a grant or contract through which a position is funded is discontinued or reduced to a level that substantially impacts the College's ability to maintain the position, bargaining unit employees who: are in grant and contract funded positions on the effective date of this MOU shall be entitled to thirty days' notice, Recall Rights, Outplacement Services and Tuition Waiver as defined in Article 38, Layoffs.

1. have been in that grant or contract funded position for three years or more shall be entitled to thirty days' notice, Recall Rights, Outplacement Services and Tuition Waiver as defined in Article 38, Layoffs.
2. have been in that grant or contract funded position for periods of less than three years shall be entitled to at least two weeks' notice, or pay in lieu of notice, Outplacement Services and Tuition Waiver as defined in Article 38, Layoffs.

Article 40. Contracting Out/Outsourcing

Section 1. Generally

The College recognizes the integrity of positions comprising the bargaining unit. It shall act consistently with the State's current statutory policy to use State employees to perform State functions in State-operated facilities in preference to contracting with the private sector, unless otherwise permitted by law. The College shall adhere to the State Personnel and Pension Article Title 13 and this law is hereby incorporated in this Agreement as if fully set forth herein.

Section 2. Procedure

- A. Notice If the College proposes to displace employees in the bargaining unit by outsourcing to the private sector a function currently performed by employees in the bargaining unit, the College shall provide the Union with a written Notice at its earliest opportunity, but normally no later than sixty (60) days in advance of the publication of the RFP, unless circumstances require a shorter notice.

This Notice shall contain: (1) an explanation of the College's reason(s) for its outsourcing proposal, (2) a listing of the number of employees, department(s), location(s), position(s), and names of employees that the College anticipates its outsourcing proposal would affect upon implementation and (3) an accounting of the projected cost of the service contract as opposed to the cost of using College employees.

The College shall send a copy of the RFP prior to publication.

B. Meeting to Discuss the Union's Proposal

The Union may make a written Request to the Director of Human Resources to meet to discuss the reasons for outsourcing. If the Union elects to meet with the College in order to discuss the reasons for outsourcing it shall, within seven (7) calendar days of its receipt of the Notice described in Section A, make a request to meet with the College to discuss the decision with the Vice President of the affected department or his or her designee.

Following that meeting, the Union may request a meeting with the College to present a written Proposal to the College detailing the specific benefits associated with the continued employment of the current College employees rather than outsourcing, improvements that could be realized by changing existing practices or methods, and the Union's and the affected employees' commitment to demonstrating the benefits and putting into practice these improvements cited in the Union's proposal. If the Union requests such a meeting, it shall occur within three weeks of the meeting referred to in the above paragraph.

C. College Response.

If the Union presents the College with a written Proposal in accordance with subsection (B) above, the College shall consider the Proposal. If the College determines that it will not at that time outsource and displace current employees, the College shall notify the Union within thirty (30) days of the date of its meeting with and receipt of the Union's proposal.

If the College's decision results in the displacement of current employees, the College shall proceed in accordance with the Layoff Article. A meeting requested by the Union and held pursuant to Section B is not a substitute for a meeting held pursuant to the Layoffs Policy to discuss alternatives to layoffs. However, the Union shall not present the College with the same proposal it presented pursuant to this Article as its proposal for an alternative to a layoff.

Nothing in this Article restricts the College's authority to determine whether to continue to employ current employees or to outsource.

The College shall provide the Union with a copy of the successful bid for all contracted work, the extent provided by law.

Article 41. Nepotism Prohibited

Section 1. General

A Family Relationship to another College employee is not an automatic bar to employment by the College. An employee of the College shall not hire, supervise, lineman age, set conditions of employment or promote or evaluate subordinate employees with whom a family relationship exists.

Section 2. Definitions

A Family Relationship exists where an employee is related to another employee or spouse of an employee of the College by blood, marriage, or adoption and extends, to the following relationships: spouses, parents, children, siblings, in-laws, step-family members, aunts, uncles, nieces, nephews, cousins, and grandparents. This policy applies to all employees of the College, including support staff, administrative/professional staff, faculty and contractual employees.

A Supervisor or Line Manager includes anyone having the authority to make decisions, assign work or give orders to subordinates in the chain of command.

Section 3. Employee Obligations

If a supervisor/subordinate relationship develops between employees with a Family Relationship during employment, the employees shall immediately notify Human Resources. Human Resources shall recommend options for eliminating the supervisor/subordinate relationship including, but not limited to, transfer, reassignment or removal of one or more of the employees involved. Employees may come up with other alternatives. Once Human Resources has presented alternatives, the employees shall determine which alternative to take.

All employees and applicants for employment are required to disclose to the Executive Director of Human Resources the identity of any family member(s) employed by the College who work in the same chain of command and are in a supervisor/subordinate relationship.

Article 42. Child Care

Employees shall continue to have access to child care at BCCC for as long as child care is provided at BCCC and under the terms and conditions as exist at the present time.

Article 43. Posting of Job Announcements and other Information

The College shall post job announcements for vacant positions on the College's web site, and shall post hard copies of job announcements for vacant positions in the Department of Human Resources. The Department of Human Resources shall also maintain hard copies of commonly used forms, such as vacation request forms and insurance claim forms, in a visible area frequented by bargaining unit members.

Article 44. Social Security Numbers

The College shall not print or have printed a College employee's Social Security number on any type of identification card.

Article 45. Strikes and Lockouts

The parties agree to abide by the law prohibiting strikes and lockouts.

Article 46. Reinstatement

Not Applicable

Article 47. Savings and Effectiveness

Should any part of this MOU be declared invalid by operation of law or by a tribunal of competent jurisdiction, the remainder of the MOU shall not be affected but shall remain in full force and effect. In the event that any provision is thus rendered invalid, upon written request of either party, the parties shall meet promptly to negotiate a substitute for the invalid portion of the MOU.

If there are terms and conditions that cannot be legally implemented at the point that the MOU is signed, and if a law changes that will make it legal to implement that term or condition, then the term or condition shall become effective on the earliest date possible by law.

Article 48. Fair Share Reopener

Either party may re-open negotiations on the exclusive subject of service fees "Fair Share" agreement. Negotiations shall be scheduled within 30 days of the presentation of the written request for reopener.

Article 49. Telework Policy

BCCC and AFSCME MD will develop a telework policy for employees at BCCC. The policy will be negotiated at the LMC and added to the contract upon completion
