

JOIN THE FIGHT FOR A FAIR WAGE

WHEN WE FIGHT, WE WIN

- We enforce Health and Safety protocols in every agency and on every campus across the State of Maryland.
- After relentless organizing, on July 1st, 2021 forensic pay will go into effect for all facilities
- We stopped the Governor from cutting our pay, enforcing furlough days, and protected our 2% COLA.

What's the plan?

Step 1: Secure Funding for Raises in the FY22 Budget (Deadline: April)

Step 2: Publicly Demand Governor Hogan Spend it (Deadline: July)

Can we win? YES!

Maryland is one of the richest states in the US and our budget is holding strong in spite of the pandemic. We need to invest our Rainy Day Funds into our recovery!

Public pressure is growing for the Governor to use the rainy-day fund to fund Maryland's recovery from important allies of ours like Comptroller Peter Franchot. Now is our time!
